
177 and modifications fall within the scope of the present invention.

178

179 We claim:

180 1. An improved power assisted lever arm ratchet which is comprised of a
181 ratchet handle containing a drive motor, a ratchet extension, a ratchet
182 extension shaft and a ratchet head.

183 2. An improved power assisted lever arm ratchet as described in claim 1 in
184 which said ratchet extension and ratchet extension shaft are
185 approximately six to thirty inches in length.

186 3. An improved power assisted lever arm ratchet which is comprised of a
187 ratchet handle containing a drive motor, a removable ratchet extension, a
188 removable ratchet extension shaft and a ratchet head.

189 4. An improved power assisted lever arm ratchet as described in claim 3 in
190 which said ratchet extension and ratchet extension shaft are
191 approximately six to thirty inches in length.

192 5. An improved power assisted lever arm ratchet which is comprised of a
193 ratchet handle containing a drive motor, a plurality of different length
194 removable ratchet extensions, a plurality of removable ratchet extension
195 shafts and a ratchet head.

196 6. An improved power assisted lever arm ratchet as described in claim 5 in
197 which said ratchet extensions and ratchet extension shafts range from
198 approximately six to thirty inches in length.

-
- 199 7. An improved power assisted lever arm ratchet which is comprised of a
200 ratchet handle containing a drive motor fixedly attached to a ratchet
201 extension, a ratchet extension shaft fixedly attached to said ratchet
202 handle and a removable ratchet head.
- 203 8. An improved power assisted lever arm ratchet as described in claim 7 in
204 which said ratchet extension and ratchet extension shaft are
205 approximately six to thirty inches in length.
- 206 9. An improved power assisted lever arm ratchet which is comprised of a
207 ratchet head fixedly attached to a ratchet extension, a ratchet extension
208 shaft fixedly attached to said ratchet head and a removable ratchet
209 handle containing a drive motor.
- 210 10. An improved power assisted lever arm ratchet as described in claim 9 in
211 which said ratchet extension and ratchet extension shaft are
212 approximately six to thirty inches in length.
- 213 11. A ratchet extension and extension shaft with attachment means to permit
214 said extension and extension shaft to be installed on a conventional power
215 assisted lever arm ratchet.
